

Mac – Installation Guide

1. Insert the VP Bank e-banking CD-ROM into your CD-ROM drive.
2. Open the folder "Applikation/Mac".
3. Copy the file "e-banking_en.tar" on your hard-drive (desktop).
4. Double-click the file "e-banking_en.tar" to unzip.
5. Move the unzipped folder "VPBank" into the folder "program".
6. To start VP Bank e-banking, click on the start-icon "vp-ebanking", which you will find in the folder "VPBank/e-banking/en/program".
7. You can delete the file "e-banking_de.tar" from your desktop.

Start-icon VP Bank e-banking

The following steps explain where to find the VP Bank e-banking start-icon and how to start e-banking from your desktop.

1. Change to the hard-drive, where VP Bank e-banking is installed (default: "Macintosh HD/applications/VPBank").
2. You will find the start-icon "vp-ebanking" in the folder "e-banking/en/program".
3. Press CTRL and make a left mouse click simultaneously on the "vp-ebanking" start-icon to open the context menu.
4. Choose "Create Alias" from the context menu.
5. Move the Alias from "vp-ebanking" to the desktop.
6. Start VP Bank e-banking by double-clicking the Alias on your desktop.
